

Dear Member of the Baby TALK Professional Association,

How fortunate we are to share a common purpose in our professional lives and to be able to unite our efforts on behalf of the children and families we serve.

We believe there are so many reasons to stay connected with the growing network of Baby TALK Practitioners. Across 36 states and Canada, together we experience the joys and challenges of working with diverse families on a daily basis.

As an effective research-based model, it is imperative that we maintain consistency across all Baby TALK programs and continue to guarantee quality service delivery of Baby TALK methods. To this end, we require ALL Baby TALK practitioners to retain current Baby TALK certification. This certification is renewable on an annual basis and will allow for ongoing use of the Baby TALK Curriculum, Baby TALK Materials, logos and literature.

As a Certified Baby TALK Professional, we value your commitment to children and families.

**To keep your Baby TALK Certification current and to maintain membership in the Baby TALK Professional Association, we *must* hear from you. Please complete and return the membership renewal form and program survey along with the \$60.00 membership fee to:
Baby TALK, Attn: BTPA Recertification, 500 E. Lake Shore Drive, Decatur IL 62521.**

We hope that you consider our affiliation with one another an integral step in our collective effort to address the needs of young families in each of our respective communities. It is important to point out that the Baby TALK Professional Association also allows us to focus on the importance of building professionalism within the early childhood community and to strive to “become ever better.”

Thank you for the work that you do on behalf of young families in your community. We look forward to continuing our work together.

With Best Wishes,

Deb Widenhofer
Training Institute Director
